SUMMER 2001

It is with great pleasure that the Secretary of State's office is once again offering you the newly updated CALIFORNIA ROSTER.

Back again by popular demand, this invaluable publication contains a wealth of information related to California's state officeholders, agencies, U.S. congressional members and up-to-date city and county government information.

With the simple turn of a page you can make meaningful references to the history of our Golden State - who was California's first-elected Governor or perhaps, when a particular city was incorporated. Using the California Roster as a reference tool, you can verify the name and address of your legislative district representative or when and where your city council holds its regular meeting.

Whether conducting a historical search of past constitutional officers or merely looking for an agency telephone number, you will find it easily in the California Roster.

Please be assured that every effort has been made by my staff to compile the most accurate up-to-date information available at the time of our printing deadline. Unfortunately, we cannot guarantee the accuracy of data reflected in this publication due to the ever-changing structure of government.

I am pleased to announce that you can also access the California Roster 2001 through our website at:

<http://www.ss.ca.gov/executive/ca-roster.htm>.

We welcome your input, comments, and suggestions on our future editions. Please contact us if you have any additional questions.

Sincerely,

A handwritten signature in black ink that reads "Bill Jones".

BILL JONES  
Secretary of State
